

03 October 2014

New data centre reports + DC Expo / IPEXpo next week

I trust you had a good summer break. Personally, I went on a fabulous family holiday to Florida and did not want to come home *however*, now that we are all back from our various holidays, here is an update for you:

DATA CENTRE DESIGN & BUILD NETWORKING EVENT:

Our next networking evening which has the theme of Data Centre Design & Build will take place on the 23rd October and is shaping up nicely. Now established in our larger central London venue, we are growing the event to allow up to 200 attendees. As always, this is an *end user* event so the doors are unfortunately closed for vendors / manufacturers / suppliers to attend on this occasion as all of our sponsorship slots have been taken. If, however, your company is currently exploring existing or future data centre IT / infrastructure / operations options and would benefit from attending this event, please drop me a line to let me know (contact details at the foot of this email). Note that, to register for this event, you must be senior management and involved in the decision-making process within your company. A corporate email address must be provided at time of registration. Please don't leave it too long to contact us as we already have over 170 confirmed attendees. More details including attendee lists, photos, video footage, testimonials and the 2015 events can be found [here](#).

Many thanks to all of our event sponsors:

- Workspace Technology www.workspace-technology.com
- Keysource www.keysource.co.uk
- Riello UPS www.riello-ups.co.uk
- Schneider Electric www.schneiderelectric.com
- Uninterruptable Power Supplies Ltd www.upspower.co.uk
- GEA Denco Systems www.gea-heatexchangers.com
- Telehouse Europe www.telehouse.net
- Sunspeed Transport Services www.sunspeed.co.uk

The next two end user networking evenings have been scheduled as follows so do let us know if you'd like further details - either as an attendee or a potential sponsor:

- Q1: Data Centre Efficiency - Thursday 5th February 2015
- Q2: Data Centre Infrastructure - Thursday 23rd April 2015

NEW DATA CENTRE REPORTS:

Our data centre pricing reports are, as always, proving popular. The country pricing reports cover UK, Germany, France & The Netherlands. We also have a European report as well as Middle East and Africa.

You may have seen on Linked In and Twitter that we have recently started

promoting some brand new reports relating to the Turkish data centre market. Subjects covered include pricing, connectivity, colocation, power and geographic analysis. More details including cost & tables of contents regarding all data centre reports available via DATACENTRE.ME can be found [here](#).

Data Centre Expo / IPEXpo:

As part of our media partnership with these two combined events, I will be visiting Data Centre Expo / IPEXpo next Wednesday and Thursday, 8th & 9th October 2014, ExCel Centre London. If you'd like to meet up whilst there, simply drop me a line. You may register free of charge [here](#).

INCREDIBLY AFFORDABLE VIDEO PR:

Video news via DATACENTRE.ME can be viewed [here](#) - your company may also benefit from this service from an unbelievably low £395 per month - more details can be found on the same link or feel free to contact me directly. Simply ask me for an introduction or mention DATACENTRE.ME when you call to receive your preferential rates.

As always, massive thanks goes out to each and every one of our wonderful DATACENTRE.ME website sponsors - we very much appreciate your ongoing support which allows us to continue offering the website's benefits free of charge to our users. Special thanks goes to **C4L**, **Sunspeed Transport Services** and **Thamesgate** who are all in the process of renewing their annual sponsorships (see links below):

- * CNet Training www.cnet-training.com
- * Riello UPS Ltd www.riello-ups.co.uk
- * Schneider Electric www.schneider-electric.com / www.apc.com
- * Starline www.starlinepower.com
- * Equinix www.equinix.co.uk
- * Critical Power Supplies www.criticalpowersupplies.co.uk
- * EcoCooling www.ecocooling.co.uk
- * Bracknell Data Centre www.bracknelldc.com
- * Perivale Data Centre www.perivaledc.com
- * Stulz UK www.stulz.co.uk
- * Sunspeed Transport Services www.sunspeed.co.uk
- * GEA Heat Exchangers www.gea-heatexchangers.com
- * Constant Power Services www.constantpowerservices.com
- * Thamesgate Group www.thamesgate.com
- * Gateway Data Centre www.gvaconnect.com/gateway

- * CenturyLink Technology Solutions www.centurylinktechnology.com
- * Zayo www.zayo.com/geo
- * Creative Consulting www.creativeconsultingltd.com

Please drop me a line if you have any questions and do also accept my humble apologies if we happen to be emailing you and you didn't request it - I can

assure you that we do not buy lists in - if we have you details, it is probably via linked in or perhaps an email auto-signature of one of your colleagues giving out your details. Don't worry if this is the case, all you need to do is to opt out of future mailings - see the link below. For those of you that do see the benefit of all that we offer (most of which is free) we thank you whole-heartedly and look forward to continuing to work with you ☺

Very best regards to one and all and enjoy the weekend...

Best regards from Caroline & the DATACENTRE.ME team.
