

DATACENTRE.ME

Dear Sir / Madam

Firstly, I hope you had a great festive break and are now feeling well back in the swing of things, ready for a super-successful 2016!

Thank you to all those that took the time and effort to come to our Christmas drinks which were held the week before Christmas in London. The evening was kindly supported by [Socomec](#), [Swiftline Building Services Group](#) & [Riello UPS](#). We will organise the same for Tuesday 6th December this year in the hope of avoiding all the other Christmas parties. Do let us know if you're interested in coming along :-)

The DATACENTRE ME web portal turned FOUR YEARS OLD in December!!! What an incredible journey it has been for us – I had a vision but never imagined that it might develop into the global information portal that we all know and love today :-). It has been very much a labour of love for me so it's fantastic that so many of the industry have embraced what we have been striving so hard to achieve.
